VINTAGE RAW

VINTAGE RAW IS THE VERSATILITY OF ELEGANT ZERO LEATHER - VINTAGE RAW, the name alone gives you energy. A leather with so many possibilities. It is soft, cuddly, yet tough and industrial at the same time. It can be folded, stretched tightly but also perforated, as can be read in the KVI project on the pages above. VINTAGE RAW meets our strictest sustainability regulations in every area.

VINTAGE RAW STAAT VOOR DE VEELZIJDIGHEID VAN ELEGANT ZERO LEER - VINTAGE RAW, alleen de naam al geeft je energie. Een leer met zoveel mogelijkheden. Het is zacht, aaibaar maar toch stoer en tegelijkertijd industrieel. Het laat zich plooiën, strak spannen maar ook perforeren, zoals in het project KVI op de pagina's hiervoor te lezen is. VINTAGE RAW voldoet op ieder gebied aan onze strengste regelgeving voor duurzaamheid.
